

Non-NHS Work

Detailed below is a list of our current charges for services that are not provided on the NHS.

Please note that in order to complete even the simplest of forms, the doctor might have to check the patient's entire medical record. Carelessness or an inaccurate report can have serious consequences for the doctor with the General Medical Council (the doctors' regulatory body) or even the Police.

Urgent requests may mean that a doctor has to make special arrangements to process the form quickly, and this will incur increased charges if agreed.
